We need confirmation from folks here that this is how we will present the weekly stats moving forward.

Please bare in mind we just present the stats we are told. If this is not a suitable method for presenting our user flowers it needs to be escalated.

Cheers,  
 Tom

I now see it's not the one sent by Westcap, but it's also not the one sent to me by the Data team. Let me double check with Zeran and update everyone.

Hi all,

Please see below for a removal from this week's AMA:

# Redacted

**1:00 - REMOVAL** - Alex says that staking (and by reference, credit cards, swaps, on-ramps, and loans), will be available to all users regardless of accreditation. My understanding is that this is untrue -- unaccredited users in states in which we cannot provide custody will not be able to use services that require custody. Please remove.
